It is a competition reserved to all RBR-WORLD members where the prizes offered by our sponsors will be assigned the aim is to involve the biggest number of users for this phase of competition, where at the end of the twenty (20) scheduled races can conquer one of the 10 places available to win one of the prizes offered by:

RBR-WORLD
....

In addition there will be a FINAL, also rewarded with cups offered by 3DRAP for their respective positions ...

The AERON NATION CUP CHAMPIONSHIP:

It consists of 20 (twenty) races all taken from the championships / trophies already present on RBR-WORLD (so they will all be already scheduled), at the end of this phase the prizes will be awarded up for grabs ...

Every single PILOT will be able to discard the worst 4 RESULTS (results useful and added to the end of the ranking will be 16 sixteen).

In this phase the driver will take points based on his CLASS ranking (and not the absolute) of each race valid for the AERON NATION CUP CHAMPIONSHIP where, after 20 races, the prizes will be awarded.

therefore there will be races in which certain classes are merged into a single class (eg R3C, R3T, R3D merged into class R3) and races where the classes will run individually the ranking in any case the class ranking always applies

In this PHASE the members of the AERON CUP NATION CHAMPIONSHIP ,if subscribed even in the above championships, have to use the same cars that they have chosen in these championships.

Although in the races where they are NOT subscribed in the championship, they will be able to choose classes and cars based only on those available in this dedicated race ...

They will take points based on their chosen class. (anyway they will be "transparent" on the Championship that will host this race).

SCORING EXAMPLE

A driver who arrives 1st in the N4 class will gain 25 pt as a driver who in the same race arrives in the 1st position in N1 class or other.

EQUALITY OF SCORING

In the case of ex-equu in the final standings, the winner will be the one with the highest number of 1st places, in the event of a further tie we will pass to the second places and so on in case all the placements to climb are equal, the winner will be the driver with major winning special stages of his RBR-career.

After this phase, where the main prizes will be offered, there will be a further phase called

THE FINAL - 3DRAP TROPHY

where ONLY the best 3 drivers for each NATION can race ... Example Ita, Fin, Swe, Fra, Cz etc etc etc ...

the FINAL - TROPHY 3DRAP will be held on three distinct races with cars that are the same for everyone and chosen by the organization

1 race with RWD

1 race with FWD

1 race with 4WD

the sum of all 3 drivers of the respective Nation on these three Finals races will decide the winning Nation and every single rider will receive as a prize a Cup put up for award but above all REALIZED by 3DRAP printers ...

Nations that do not reach the number of three participants will still be able to access the 3DRAP TROPHY with two or one participant, clearly they will be disadvantaged in terms of scoring in the final phase, but they can participate as well.

IMPORTANT..

THE REGISTRATION TO THE AERON NATION CUP CHAMPIONSHIP WILL BE DONE INDIVIDUALLY RACE FOR RACE FROM THE OWN PILOT PANEL

In races where the driver is already registered in the global championship he will have to select the same championship car

in the remaining races he will have the right to choose the preferred car available for that race ...

points will be awarded from THE moment of registration to the championship and will not be retroactive
